Are you eager to start or your teaching career in a school that fits your ethos and needs?

Do you want to feel safe in the knowledge that you are supported and valued as you take the first steps into teaching?

ASSET Education is an Educational Trust created by like-minded schools who believe that the children of Suffolk deserve the best teaching we can give them. The four values of excellence, engagement, empowerment and equity can be clearly seen across all of our schools.

We want our new teachers to develop their love of teaching and want to support them in not just succeeding, but thriving. Picking the right school for you is the key to success, and we are here to help. Our schools (like our children) are all unique and we can honestly say we have something for everyone from small schools to large; urban to rural; some with high numbers of EAL pupils and others with high numbers of pupils supported by pupil premium, and much more.

We can offer you:

- an individualised programme of support throughout your first two years, with dedicated and trained mentors and a supportive team
- a commitment to your growth as an educator, whilst helping you balance workload and wellbeing.
- a positive start to your career, in an environment that listens as well as guides.
- a chance to work alongside excellent learning facilitators and amazing children
- a network of support and career development across fourteen ASSET schools, with regular chances to meet with other NQTs and RQTs.

This post is exempt from the Rehabilitation of Offenders Act 1974 and therefore will be subject to a DBS check from the Disclosure and Barring Service.

ASSET Schools safeguards and protects its students and staff by being committed to respond in accordance with Safer Recruitment Procedures.
